## Provincial bargaining underway

VANCOUVER – The K-12 Provincial Bargaining Committee (PBC) has exchanged protocols and proposals with the British Columbia Public School Employers' Association (BCPSEA) as provincial bargaining talks got underway. Additional dates are set for June 12, 13 and 14.

The K-12 Provincial Bargaining Committee (PBC) is working diligently to ensure we attain gains for our members in this early round of bargaining discussions.

"Early discussions have been respectful and our committee has been working hard to achieve a provincial framework agreement that improves working conditions for our members," said K-12 President's Council President Warren Williams.

Find bargaining updates and additional information on the updated K-12 website at:
